Verse 1

```
D                              /                      A
You're on the phone with your girlfriend, she's upset
                       /                        Em
She's going off about something that you said
                    /                   G     /
'Cause she doesn't get your humor like I do
D                     /                 A
I'm in the room, it's a typical Tuesday night
                           /                    Em
I'm listening to the kind of music she doesn't like
                 /                    G    /
And she'll never know your story like I do
```

Pre-Chorus 1

```
    Em                      G
But she wears short skirts, I wear T-shirts
D                         A
She's cheer captain, and I'm on the bleachers
Em                                  G
Dreaming about the day when you wake up and find
                 A*                          N.C.
That what you're     looking for has been here the whole time
```

Chorus 1

```
              D                   /
 If you could see that I'm the one   who understands you
 A                   /                   Em
 Been here all along,   so why can't you see?
 /                  G   /                  D
   You belong with me,   you belong with me
```

Interlude

```

Verse 2

```
D                         /                        A
Walkin' the streets with you and your worn out jeans
                            /                 Em
I can't help thinking this is how it ought to be
                     /                      G                  /
Laughing on a park bench, thinking to myself, "Hey, isn't this easy?"
     D                             /                     A
And you've got a smile that could light up this whole town

                I haven’t seen it in a while since she brought you down
                                                /
                You say you’re fine, I know you better than that
                G                             /
                   Hey, whatcha doing with a girl like that

Pre-Chorus 2    She wears short skirts, I wear T-shirts
                D                         A
                She’s cheer captain, and I’m on the bleachers
                Em                                  G
                Dreaming about the day when you wake up and find
                                 A*                         N.C.
                That what you’re    looking for has been here the whole time

                              D                   /
Chorus 2         If you could see that I’m the one  who understands you
                 A                   /                  Em
                 Been here all along,   so why can’t you see?
                 /                  G   /
                   You belong with me
                 D                   /
                 Standing by and waiting at your back door
                 A                   /                    Em
                 All this time how could you not know, baby
                 /                  G   /                  D
                   You belong with me,   you belong with me

Interlude           | (D)      | /        | A        | /        |

Bridge          Oh, I remember you drivin’ to my house in the middle of the night
                       D                                     A
                I’m the one who makes you laugh when you know you’re about to cry
                 Em                                 G
                I know your favorite songs, and you tell me ’bout your dreams

                Think I know where you belong, think I know it’s with me

                           D                   /
Final Chorus     Can’t you see that I’m the one   who understands you
                 A                   /                  Em*
                 Been here all along,   so why can’t you see?
